Master All 99 Articles of GDPR & European Data Protection Legislation

Navigate International Data Transfers and Cross-border Compliance

Career Guidance & Interview Preparation from Privacy Experts

About Course

The CIPP/E training from InfosecTrain helps you to learn the basics of data privacy and European data protection. It covers all the essential elements to understand and implement the data protection laws and regulations. Achieving a CIPP/E credential demonstrates that you possess the in-depth GDPR knowledge, perspective, and understanding that is necessary to assure compliance and the success of data protection in Europe, as well as to take advantage of the professional opportunities that this comprehensive legislation affords.

Course Objectives

After completing this course, learners will be able to:

- ✓ Apply foundational data privacy and data protection concepts across European regulatory contexts
- ✓ Navigate all 99 articles of GDPR and interpret their application in real-world scenarios
- ✓ Evaluate European data processing principles including lawful bases and information provision obligations
- ✓ Assess data subject rights including access, rectification, portability, erasure, and consent management
- ✓ Understand EU institutional roles, supervisory authority powers, and GDPR enforcement mechanisms
- ✓ Apply GDPR accountability requirements including DPIAs, records of processing, and breach notification
- ✓ Ensure compliance with European data protection laws across employment, surveillance, and marketing
- ✓ Navigate international data transfer mechanisms including SCCs, BCRs, and adequacy decisions
- ✓ Evaluate consequences of GDPR violations and develop strategies to minimize compliance risk

Target Audience

This course is ideal for:

- ✓ Data Protection Officers
- ✓ Data Protection Lawyers
- ✓ Records Managers
- ✓ Legal Compliance Officers
- ✓ Human Resource Officers
- ✓ Information Officers
- ✓ Professionals using, processing and maintaining personal data.

Pre-requisites

There is no pre-requisite for this training and certification
